DETAILED ACTION

Claim Rejections - 35 USC § 102

I. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

A. Claim 1 and 13 are rejected under 35 U.S.C. 102(b) as being anticipated by Nantua et al., US No. 2003/0057651 ("Nantua").

i. Nantua discloses a sealing device (FIG. 2) being mounted to protect bearings. The device comprises a first shield (47), which is integral with an outer race (2) of the bearing.

ii. There is a second shield (14), which is integral with an inner race (3) of the bearing. The second shield faces the first shield and a dynamic sealing element (23) is interposed between the first and second shields (FIG. 2).

iii. The second shield (14) is arranged internally to the first shield in relation to the bearing and comprises a support portion, which is provided with a cylindrical encoder (6).

iv. The first shield comprises a cylindrical portion (8), which is made of metallic material and force fit onto the outer race (2).

Allowable Subject Matter

II. Claims 2-12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

III. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Enoch E Peavey whose telephone number is 305 1977. The examiner can normally be reached on Mon-Fri 8:00 am to 4:30 am.
